Join us for the Alice Springs BeefUp forum to hear about the latest in local and world-leading research and technologies for the northern beef industry.

The day will provide a chance to connect with community whilst sharing strategies for the coming season.

- Gain insights on improving livestock, land and business performance.
- Connect with other producers, advisors and researchers.
- Hear about how new practices and technologies are being used in your region.
- Find out about the programs, tools and resources available to you.

The Alice Springs BeefUp program will cover:

- MLA RD&A update and market insights.
- Innovation and agtech
- Breeder and Heifer Management
- Improving eating quality and feedback
