Need an LPA NVD in a hurry?

From 1 Jan 2021, only current LPA NVDs (version 0720) are accepted. If you need a current LPA NVD immediately, you will need to generate an eNVD.

WHAT YOU WILL NEED:

Your LPA account login details*

Access to a smart phone, mobile device or computer with internet access *

*To create an eNVD yourself. Go to the LPA Service Centre at lpa.nlis.com.au
Your agent may be able to assist you, but cannot complete the eNVD for you.*

YOU NEED TO:

Complete ALL sections online and submit digitally OR

Click submit and generate a PDF copy to be printed and filled in manually. Don't forget you will need 3 copies (yours, transporters and receivers) and all must be clear, correct and complete.

More information on eNVDs is available at
www.integritysystems.com.au/envd-help

** Don't have your login details or a smart phone or internet access?
Contact the ISC Helpdesk on 1800 683 111 for help to create an eNVD.*

Please note: Destination PIC is now required on LPA NVDs and is mandatory in WA & TAS
Search for destination PICs within the eNVD system or via PIC search on the NLIS database.
