Join an ISC webinar today

LEARN ABOUT YOUR ROLE IN THE RED MEAT INTEGRITY SYSTEM

Are you new to owning livestock or looking to refresh your knowledge on traceability requirements?

Integrity Systems Company (ISC) is running a webinar series covering key aspects of the red meat integrity system. Sign up to a webinar today.

PIC Reconciliation on the NLIS
Wednesday 13 November, 7pm (AEDT)

Did you know it is best to conduct a PIC reconciliation on the National Livestock Identification System (NLIS) database once a year? Join this webinar to learn how to make sure the livestock on your property match what's on the NLIS.

Hobby farmers and small landholders
Thursday 14 November, 7pm (AEDT)

Are you new to owning livestock? Do you have a few cattle, sheep or goats? This webinar is designed to help you learn the basics about Property Identification Codes (PICs), biosecurity, livestock movements and what ISC's requirements are.

LPA for goat producers and depots
Tuesday 19 November, 7pm (AEDT)

Calling all goat producers! This webinar will highlight recent changes to Livestock Production Assurance (LPA) and the NVD system. It will also cover the basics of NLIS transfers and what you need to do to get ready for electronic identification (eID).

LPA Audits
Wednesday 20 November, 7pm (AEDT)

Join ISC and AUS-MEAT to learn about steps you can take to be prepared for any future LPA audits. Learn how to ensure your food safety, biosecurity and animal welfare records are organised.

Register: integritysystems.com.au/events

PLEASE NOTE: All webinars start at 7pm AEDT.
Please check carefully for the start time in your state:

Victoria / NSW / Tasmania	7pm	AEDT
Queensland	6pm	AEST
South Australia	6:30pm	ACDT
Northern Territory	5:30pm	ACST
Western Australia	4pm	AWST

Who are these webinars for?

These webinars have been structured to address the needs of specific user groups, including hobby farmers or small landholders, goat owners and goat depots, plus anyone handling livestock. That means farm owners, managers, overseers, farm hands and agricultural teachers will benefit!
